

# Putting Lessons

## Offer a great golf experience when space is limited.

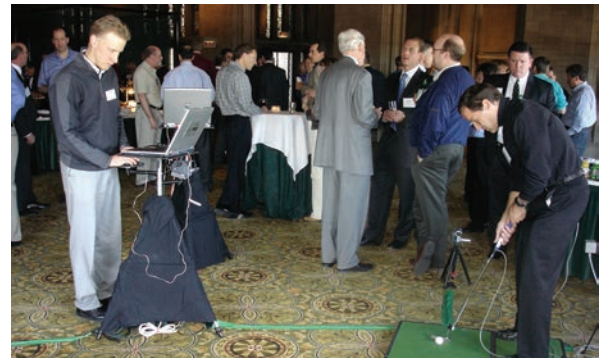

Deliver a big impact in smaller spaces with a unique instruction experience. Our patented g-PUTT system utilizes digital video and motion analysis, and guidance from a GOLFTEC Certified Coach™ to provide a unique and thorough putting lesson. Guests will receive advice on technique and even video comparisons with the best players in the game.

All lessons are also captured on video and then combined with appropriate tips and drills unique to the participant to create a WebLesson®, which is emailed back within just a few days on your branded website to leave guests with both an unforgettable onsite experience and reminder of it for a long time to come.

An incredible measure of ROI in this regard, **85%** of these participants click to view their WebLessons before watching for **16** minutes and revisiting **2.6** times!

## About GOLFTEC

Since 1995, the mission has been simple - to help people play better golf. GOLFTEC is the world's largest golf improvement specialist with over 190 centers worldwide, millions of lessons given and a 96% success rate.
